Fr. Gnanasekar Kulandai, Priest/Superintendent
Shawn Augustine, Principal

Welcome to St. Xavier Catholic Schools' Newsletter published by the High School Mass Communication Class. The Newsletter will be published several times a year with our purpose to inform you concerning personnel, students, and events at St. Francis Xavier Catholic School.

This edition is dedicated to the Class of 2021.

Kenzie Girardot

What are your plans for next year?

I will be attending Barton County Community College on Fort Riley.

What do you envision for yourself in ten years? Where will you be, what will you be doing. . . .

In ten years, I view myself living in a bigger city in Kansas. I see myself being married and having several kids. I envision myself becoming a psychologist or a mental health nurse.

What is your favorite St. Xavier memory (any year--not just senior year)?

My favorite St. Xavier memory is being on the cheerleading team my sophomore year. Traveling and cheering for the St. X boys basketball team was a memory I'll never forget. It was a very rewarding experience, and cheering is something that I genuinely love to do.

What advice would you like to give to St. Xavier underclassmen?

My best advice for underclassmen would be to always push yourself and give your 100% effort to anything you do in life.

What was your favorite class (not just this year but all the years you were here)?

My favorite class would have to be either Yearbook or English. English has always been one of my favorite subjects, and it was even better having a teacher like Mrs. Dinsmore. She always helped me succeed in that class and her teaching was always very knowledgeable. I really loved Yearbook, not only because I loved designing the yearbook, but because of Mrs. Becker. I loved designing the pages in the yearbook and making them almost personal. Mrs. Becker always made class a great experience, and I learned so many things from her.

What information did you learn at St. Xavier that you will remember all your life?

Some information that I learned at St. Xavier is business etiquette. FBLA is a club I am very glad I joined. I learned many useful things in FBLA that will help me in the business world.

What has been the favorite part of your senior year (and not just that you are graduating!)?

My favorite part of my senior year was Art Class with Ms. Vierya. I was the only person in the class, but we always had lots of fun and made many projects together that I am very proud of. I had her class my sophomore year, and I'm very happy that I decided to take her class again my senior year. There was never a dull day in her class, and we had many laughs together.

Brady Sexton-Snow

What are your plans for next year?

I will be attending K-State majoring in Mechanical Engineering.

What do you envision for yourself in ten years? Where will you be, what will you be doing. . .

I'll either be a test pilot for the Air Force or working for NASA.

What is your favorite St. Xavier memory (any year--not just senior year)?

My favorite memory is being able to go to high school with my brother and sister for one year.

What advice would you like to give to St. Xavier underclassmen?

Be yourself; don't care what other people think of you.

What was your favorite class (not just this year but all the years you were here)?

My favorite classes were History with Mr. Jones, Coach V. and Mr. Stramel—and also all the math classes with Mr. Becker.

What information did you learn at St. Xavier that you will remember all your life?

Failure is just the beginning; once you fail, you can only get better--but only if you try.

What has been the favorite part of your senior year (and not just that you are graduating!)?

Getting to hang out with DJ all year, since it was only the two of us, and getting closer as friends. Also I really enjoyed my K-State visit with DJ and Mr. Becker.

DJ Shin

What are your plans for next year?

I am going to attend the University of Wisconsin, Madison as a pre-business major.

What do you envision for yourself in ten years? Where will you be, what will you be doing. . . .

Hopefully, I will be in Nike's headquarters in Oregon working as a marketer or in the United Nations working as a diplomat.

What is your favorite St. Xavier memory (any year--not just senior year)?

Working on my college admissions essays with Mr. Sullivan was my favorite memory (although it was a challenging task); working on my college admission increased my expectations about my future plans.

What advice would you like to give to St. Xavier underclassmen?

The thing that doesn't destroy (kill) you only makes you stronger.

What was your favorite class (not just this year but all the years you were here)?

My favorite year was my sophomore year. I enjoyed every year, but my sophomore year stands out the most because that was the time I got used to this culture and surroundings. My favorite class was Chemistry; I learned so much from Ms. Pfeifer.

What information did you learn at St. Xavier that you will remember all your life?

Be charitable to others as best as you can in both words and actions, just like every single teacher and staff member at St. Xavier.

What has been the favorite part of your senior year (and not just that you are graduating!)?

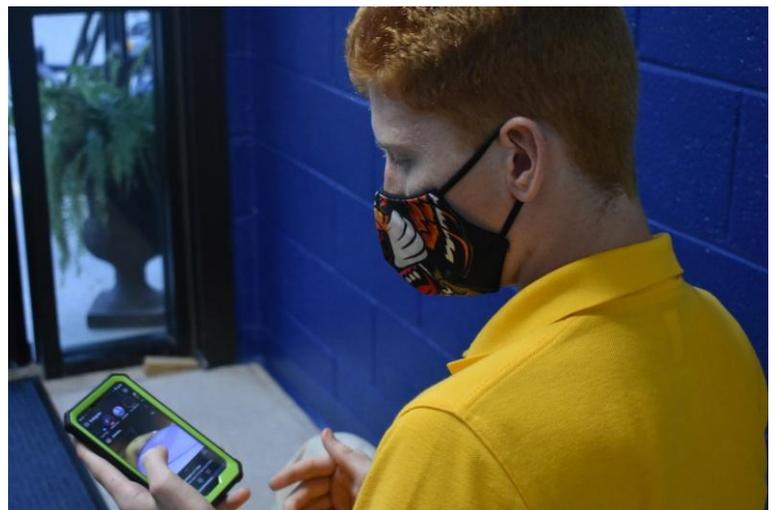

My favorite part was when I went to K-State for a college tour with Brady and Mr. Becker; we had a very good time visiting campus and Aggieville.
